EPE II

What happened in FY2017/2018

- Program was allocated 124,549 contact hours
  - Based on this allocation their EPE II limit would be 3% of 124,549
  - Available for students with a HS diploma but skills under 9.0 grade equivalent = 3,736 contact hours
- Program ends up with total contact hours of 72,380
  - EPE II is now reduced to 3% of 72,380 or 2,171 contact hours available for EPE II programming
  - If program was planning on the full 3,736 they will come up short
EPE II

- Be careful you didn’t exceed 3% in the EPE II category.
- A few programs went slightly over - be careful!!!
Accommodations - hudsonvalleyraen.org - Be sure to refer to accommodations memo, powerpoint handout, and test directions - only level 1 accommodations allowed

Programs that hand score do not have to send data to DRC. Scores can go directly into ASISTS.

Those that are hand scoring, do not encourage students to skip field-testing questions because the answer sheet will become very confusing and may cost the tester.

- Front page of answer sheets should be filled out entirely.
- Blueprints are critical - available on tabetest.com
- CBT is encouraged
How is it going?
Has your data been entered in ASISTS?
Looking for data for correlation study - please enter it!
TABE - Locator

- Please use Form 11/12 Locator!!!! - Imperative that 9/10 is no longer used for AEPP-funded programs
- All TABE testers MUST have new TABE 11/12 Locator
- Remember to enter Locator scores in ASISTS (Hard copy remains in folder) - Use 2 digits!!!
